I hadn't received any response to the below email and wanted to follow up to make sure it got through. Please let me know if there is anything else we can provide and/or if you have any information you might be willing to share. My clients have been actively pursuing this matter with ADEQ to no avail. It appears clear that ADEQ is not going to do anything. Thank you. I look forward to hearing from you.

Subject: RE: Hickma Eggs Tonopah , Arizona - AZPDES Compliance

Importance: High

I hadn't heard anything back from you/EPA with regard to the violation(s) by Hickman of the AZPDES program and ADEQ's refusal/failure to do anything about them. Please let me know if EPA has any intention of following up on this issue. i.e., allowing one of the largest egg CAFOs in the world to operate without even preparing a Nutrient Management Plan and/or obtaining an AZPDES permit. I look forward to your response so that we can determine how best to proceed. If you require any additional information, please let me know. Thank you.
